Dear Jim,

I wanted to wish you a safe and joyful New Year and thank you for generous support to our campaign. It's never easy to ask for help, but, I'm always deeply touched by the outpouring of support when I do. That provides the energy for me to continue the fight for all of us.

I am certainly looking forward to 2018. Together, we will continue to pursue our goal of immigration reform, an improved healthcare system and the protection of our Great Lakes. Once again thanks for the help and I am honored to have you in my corner.

Thank you,
