

Landscape Technicians

McCaskey Landscape & Design is growing again and looking for both maintenance and construction technicians for immediate hire. Technicians will work directly with their foreman and production manager on multiple job sites. Experience is preferred but not required. This position is full-time with 40+ hours/week, and the potential for year-round employment for the right candidate.

Maintenance crews carry out year-round, full property maintenance of residential and commercial properties. Tasks are driven by the seasons and will include, but are not limited to:

- Spring clean ups
- Weekly lawn care
- Weed control
- Installation and maintenance of annuals
- Pruning: corrective and horticultural
- Irrigation system management
- Fall clean ups
- Snow removal and ice control
- Maintenance and repair of your equipment

Construction crews work from blueprints and/or work orders to complete a variety of tasks. You will work on everything from new construction projects to existing structure renovations. Tasks are driven by the seasons and will include, but are not limited to:

- Patios
- Walkways
- Pool installation
- Outdoor kitchens
- Fire pits/fireplaces
- Lawn installations and drainage remediation
- Water features
- Lighting installation and adjustments
- Irrigation installation and system management
- Proper horticultural installation of plants and trees
- Spring clean ups
- Snow removal and ice control
- Maintenance and repair of your equipment
