Dear Mr. McCaskey:

We are so appreciative of your support for *The Wall That Heals* at Geauga County Fairgrounds last week. The potted trees, shrubs & flowers loaned for the duration of the exhibit added a polished appearance to the exhibit. We also appreciate your crew's work to replace turf in necessary areas in front of *The Wall*.

With 8700 in attendance, *The Wall That Heals* touched many and was a timely display in conjunction with Patriot Day.

Thank you for your contribution to make this exhibit a source of community pride. We wish you all the best!

Most Sincerely,

John Oros
Executive Director
Geauga Park District

Thank you!
